

Product Information Sheet

B-BRITE

Cleaner, shiner and protector

Product

- ✓ Suitable for all general cleaning, dusting and polishing
- ✓ Protective qualities can be demonstrated 2 minutes after dry buffing
- ✓ Lemon fragrance leaves surfaces smelling fresh
- ✓ Protected surfaces resist marking to make cleaning quicker and easier

Spray on cleaner, shiner and finger mark protector. Has a unique non-solvent formula that leaves behind a resistant, non-greasy film that buffs to a brilliant hard shine. Use to polish furniture or to clean and dust glass, chrome, polished timber, granite, stainless steel, copper, brass, painted surfaces and even TV, computer and electrical equipment. Its broad compatibility makes it perfect for offices, retail stores, food outlets, and washrooms. It is also suitable for protecting automotive leather and vinyl.
